**Race across the world**

You have two weeks to complete this task. You must email it to your **Geography teacher by 3pm on Friday 22\textsuperscript{nd} May.**

You must imagine you are going on a three week trip around the world and make a diary account.

You must include information on:

- The continents you are visiting
- The countries you have visited
- Where did you start and finish?
- What methods of travel did you use?
- What food did you eat?
- What landmarks did you visit?
- Possible pictures of what you have seen

This can be completed in any format you wish: a word document, a PowerPoint, publisher. You can be as creative as you wish- but remember to include all the Geographical terminology you can.

Happy travelling...
